Each member district has the opportunity to have a representative serve on the CASA Board of Directors. We would appreciate it if you designate who will be your representative along with an email address so that we can send them information and meeting dates.

CASA will be emailing important educational news and information on our work at the Capitol on a regular basis. We will send this info to anyone that you want included. Some Districts have the info sent just to the President who then can decide what should be passed on to membership. We have included a form for you to use for submitting email addresses.
